

KAPPA SIGMA

ALFRED UNIVERSITY

FALL 1988

Vol. XLII

WE WANT YOU!!!

A new feeling of pride has swept over the brotherhood of Lambda Chi Alpha. A new flight of stairs graces the front entrance. Rooms have been totally renovated. For the first time in recent history, our financial obligations to the Housing Corp. have been fulfilled within the first week of the semester. This newfound enthusiasm is due to a fresh new attitude which will not tolerate mediocrity.

This is where you can get involved. Spend some time with your brotherhood; how long has it been since you've been back to your house? Think about it.

*Yours in ZAX,
High Rho, Dave Moreau, KE 1291*

High Alpha

Having relieved ourselves of our financial burdens, the brothers of Lambda Chi are beginning to reach our academic, inter-fraternal, and social potential. I am looking forward to representing our fraternal values to both the community and the alumni. I noticed in the past all talk and no action was normal but no more. We have become prominent figures in the campus and the student communities. A "fun run" has already been staged, along with a party with Alpha Chi Rho. This fall will be the return of the annual Sigma vs. Lambda football game. Twenty new brothers have reinforced our ranks against these formidable opponents. Of course we will still hold the Wine and Cheese party and subject ourselves to the wrath of the Adopt-a-Youth Christmas Party.

Yours in ZAX,

*Pat Sgroi

House Manager

The house is shaping up quite nicely despite the limited carpentry skills of many of the brothers. All the closets have been reorganized; the areas in and around the house are very well kept. The fire pit will be moved to a safer location further from the house.

There are still many areas that need improvement. The partyroom baseboards are showing their age. The persistent traffic has taken a heavy toll on the carpets. The plumbing has served us well but it

too could stand some fixing. Any extra cash that we may receive would be applied directly to these projects. You already know about the new stairs (The ones GRACING the front entrance), that's just one of the many projects planned for this year.

Yours in ZAX,
Chris O'Hara KE1267

p.s. Articles written by alumni
would be fantastic.

New Cook!

After 10 years of faithful service to the fraternity, Bev Rohalla decided to hang up her apron due to illness. We will miss her dearly. She was a valuable asset to our house and a genuine part of Lambda Chi. Fortunately, the new cook Robin Loper adapted to the position with ease, having previously been employed at the Big Elms restaurant in Hornell.

Helping Each Other

Although we've been asking you for a lot of information, we'd also like to know if there is anything that we can help you with. The alumni address file has been completed (1300 cards!), so if you want to know where a brother from your class is, feel free to write.

Please do not just toss the enclosed alumni profile aside. Even though you don't attend Alfred University any longer, the Lambda Chi Alpha bond is still there, let us know more about you. Thank you, and don't forget to keep us informed of address changes.
